

NEWSLETTER

FMM SELANGOR & KUALA LUMPUR BRANCH

Connect, celebrate and build new opportunities at the FMM Selangor & Kuala Lumpur Annual Dinner 2026 on May 21, 2026 at Sunway Resort Hotel.

Bringing together leading figures from the manufacturing sector, government representatives and FMM members, the evening promises meaningful networking in a vibrant setting.

With over 1,000 guests expected, attendees will enjoy an engaging programme featuring dinner, entertainment and lucky draws while forging valuable industry relationships.

Seats are limited. Click here to register now!

PRESIDENT'S MESSAGE

Mr. Jacob Lee Chor Kok, Asli Mechanical Sdn Bhd

Dear Members,

It is my pleasure to extend my warmest greetings in conjunction with the publication of the Branch e-Newsletter, Q1 2026 Edition.

The start of a new year brings renewed challenges and opportunities for the manufacturing sector. In an increasingly dynamic and competitive environment, it is encouraging to see our Branch actively engaging stakeholders, strengthening industry-government collaboration, and supporting members through relevant programmes and initiatives.

This e-Newsletter is an important platform for the Branch to communicate directly with members, sharing updates, insights, and developments that are relevant to our manufacturing community. Effective communication is essential for a strong and informed membership. Through this publication, members can stay connected with Branch activities, training programmes, industry engagements, and key updates that support operational excellence and compliance.

I would like to commend the Branch Committee and secretariat for their dedication in implementing this platform and ensuring the content is timely, informative, and relevant. I encourage all members to read the e-Newsletter and take full advantage of the opportunities highlighted within.

Through effective communication and collaboration, we can strengthen the voice of our industry, enhance knowledge sharing, and continue building a resilient and progressive manufacturing sector.

Thank you.

BRANCH CHAIRMAN'S MESSAGE

Dr. Helena Eian Yeut Lan, Accel Graphic System Sdn Bhd

Dear Members,

As we conclude the first quarter of 2026, I am pleased to reflect on a productive start to the year for our Branch. From January to March, our activities have been marked by active engagement, strengthened partnerships, and continued efforts to support members in navigating an evolving business environment.

During this quarter, we conducted courtesy visits to key stakeholders. These engagements foster mutual understanding between industry and regulatory authorities while ensuring members' concerns are communicated effectively. We also organised and participated in activities and training programmes covering compliance, safety, governance, and operational excellence.

I would like to thank members who provided feedback for the FMM Business Condition Survey 2H2025, conducted in February 2026. Your input is invaluable to FMM and the state, helping highlight industry concerns and priorities for informed decision-making.

Looking ahead, I encourage you to stay engaged and join us for the upcoming Annual Dinner 2026, to be held at Sunway Resort Hotel on May 21, 2026. This highly anticipated occasion celebrates achievements, fosters networking, and strengthens friendships. We are expecting over 1,000 guests, with Y.A.B. Dato' Menteri Besar Selangor as the Guest of Honour.

Together, let us continue building a strong, progressive, and resilient manufacturing industry.

Thank you.
